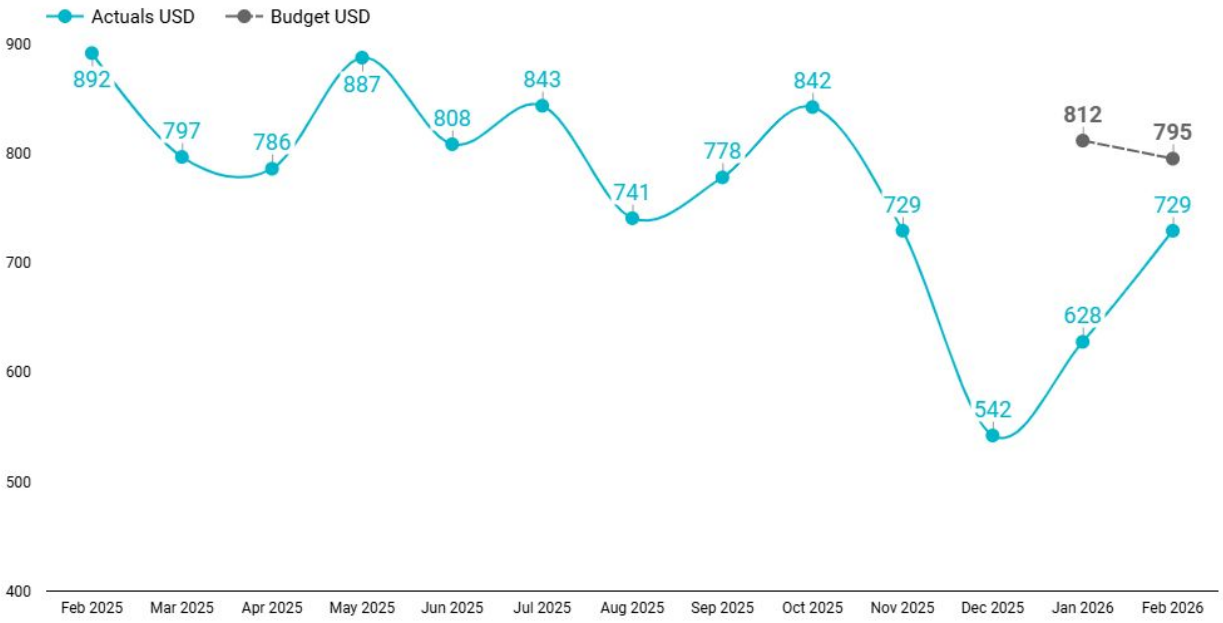
Total OpEx

COMMENTS

- **CAC** represents **41%** of OpEx, with a 16% decrease compared to the budget and a 25% lower compared to 2025. We reduce S&M expenses vs budget by savings in Paid Media, experiments and events.
- **Product** represents **39%** of OpEx, with a 2% increase compared to the budget and a 34% increase compared to 2025, primarily due to equipment costs.
- **G&A** represents **20%** of OpEx, with a 8% saving compared to the budget and a 1% increase compared to 2025.

Sales & Marketing Expenses



- **Vs 2025:** Reducing exposure in easily pivotable channels: Paid Media −$163k (−35%) and Non-Web Advertising −$33k (−37%). Offsetting with internal capacity: Team +$30k (+24%) and Software & Tools +$6k (+22%).

- **Vs M-1:** Total S&M up $101k (+16%), driven by Paid Media seasonal reactivation +$34k (+13%), severance and new hires in Team +$40k (+16%), and event-related Non-Web Advertising +$20k (+57%).

- **Vs. Budget** Total S&M −$66k under budget (−8%). People costs (Payroll + Team) came in under budget despite unplanned severance. Paid Media and Non-Web Advertising (+37% below plan) continue driving savings while we finalize execution strategy.
